

DC-3's, wine, food
and the way flying used to be

and the way flying used to be
The Golden Days of Aviation, in the Golden Heart of Victoria ...

Indulge yourself, friends and family, or those special clients or staff with an event that encompasses nostalgia, fine food, fine wines and a heap of fun!

Your transport for the day is 'Melbourne's Gooney Bird' our beautifully restored DC-3 airliner. Seating capacity is 28 passengers, experiencing aviation the way it used to be, measured, stately, relaxed. Departing from your own private VIP lounge at Essendon Airport, we travel north to central Victoria, the home of Brown Brothers. Flight time is just one hour over some of central Victoria's most beautiful scenery.

On arrival at Wangaratta Airport, we proceed to the Brown Brothers Epicurean Centre, at the original homestead in nearby Milawa. This is a pleasant fifteen minute drive through some of Victoria's most wonderful landscapes. On arrival, you're seated at the elegant and relaxed dining area, where the culinary side of your day seriously begins. Brown Brothers have developed an innovative menu concept that matches your food to your wine selection or vice versa. Pick your wine, or pick your food, and leave the rest to BB. Of course you can also specify exactly what you prefer if you wish. The Epicurean Centre is located in the beautiful garden surrounds of the winery and offers an ambience that can only be appreciated by being there. After lunch, explore the property, sample or purchase some wines, or just relax until departure time.

Your day includes: Flight to and from Wangaratta Airport from Moonee Ponds International (Essendon) Airport in our 28 passenger DC-3, 'Melbourne's Gooney Bird', crewed by two pilots and one or two flight attendants. Tea/coffee/soft drinks prior to departure, light refreshments enroute. Transfers to and from the Brown Brothers facility from Wangaratta Airport.

Luncheon comprising up to three courses, with an accompanying selected glass of wine per course. (Additional wines at your cost.) Costs: \$419 per passenger, (minimum 22) or \$10,950 for the whole aircraft.
